About Us

Mother Teresa Composite PU College is a premier educational institution located in Bangalore, At Mother Teresa Integrated PU College, we combine traditional PU education with integrated coaching for competitive exams like NEET, JEE, KCET and CA/CS FOUNDATION providing students with a strong academic foundation in both their PU exams and entrance exam preparations. Our mission is to ensure that every student not only excels academically but also succeeds in competitive exams, securing a bright future in top engineering, medical and professional colleges.

Why Mother Teresa Composite PU College is the Best PU College in Bangalore?

Mother Teresa Composite PU College stands out as the Best Integrated PU College in Bangalore due to our comprehensive approach to education. Established in 2003 by Mr. V. Raghu, who is propelled by the prospect of establishing a safe space where every child can realize his full potential and blossom into an individual that can one day give back to society. We focus on nurturing students' intellectual abilities, while providing the right guidance for entrance exams, helping them pursue careers in prestigious engineering, medical, and other professional fields. Our integrated coaching for NEET, JEE, and KCET ensures students are well-prepared for all stages of their academic journey, combining comprehensive subject knowledge with strategic exam training.

Principal's Message

Dear Students, Parents, and Well-Wishers,

It gives me immense pleasure to welcome you to **Mother Teresa PU College**, an institution committed to academic excellence, character formation, and holistic development.

Inspired by the noble ideals of Mother Teresa, our college strives to nurture not only bright minds but also compassionate hearts. We believe that true education goes beyond textbooks—it builds integrity, instills discipline, encourages critical thinking, and prepares students to face life's challenges with confidence and courage.

We provide a vibrant learning environment supported by dedicated faculty, modern infrastructure, and a value-based educational approach. Our focus is on empowering students to achieve academic distinction while developing leadership qualities, social responsibility, and strong moral values.

We are proud of our students' achievements in academics and co-curricular activities, and we continuously encourage them to explore their talents, innovate, and aim higher. With the cooperation of supportive parents and committed educators, we create a partnership that ensures every student reaches their fullest potential.

As you step into this institution, I invite you to dream big, work hard, and uphold the values that define our legacy. Together, let us continue to build a future filled with knowledge, compassion, and success.

Wishing you a rewarding and enriching journey ahead.

Arun Kumar G M

Vision

To inspire and empower students through excellence in education, innovation, and integrity, shaping confident and responsible global citizens.

Mission

To provide quality education that fosters academic excellence, critical thinking, and strong ethical values. We aim to create a nurturing and learner-centered environment through innovative teaching, disciplined learning, and community involvement, enabling students to grow into responsible, confident individuals who contribute meaningfully to society.

At **Mother Teresa Integrated PU College**, we offer specialized Integrated Pre-University courses designed to give students an edge in their PU exams while preparing them for competitive entrance exams. Our integrated coaching programs provide focused attention to students aiming for success in **NEET, JEE, KCET**, and other professional entrance exams.

Science Stream

- » **(PCMB): Physics, Chemistry, Mathematics, Biology**
- » **(PCMC): Physics, Chemistry, Mathematics, Computer Science.**
- » ***Focused coaching for NEET, JEE, and KCET alongside the standard PU syllabus, providing students with the tools they need to excel in both academic exams and competitive entrance exams.***

Commerce Stream

- » **(CEBA): Computer Science, Economics, Business Studies, Accountancy**
- » **(HEBA): History, Economics, Business Studies, Accountancy**

Each programme is carefully structured to ensure students gain a comprehensive understanding of their core subjects, while also preparing for the competitive exams that will shape their future careers.

Why Choose

Mother Teresa Composite PU College?

As the Best PU College in Bangalore, **Mother Teresa Composite PU College** provides several key advantages that ensure our students achieve success:

Expert Faculty: Our faculty consists of experienced educators who specialize in both PU education and coaching for competitive exams like NEET, JEE, KCET, and more. Our teachers are dedicated to helping students excel academically and achieve their goals.

Integrated Coaching: We offer a unique approach that combines traditional PU education with integrated coaching for competitive exams, ensuring students are fully prepared for all aspects of their academic and professional journeys.

Modern Infrastructure: Our college is equipped with state-of-the-art facilities, including smart classrooms, well-equipped laboratories and a library, all designed to support student engagement and foster academic excellence.

Student-Centred Learning: We prioritize individualized attention to ensure that every student receives the support they need to succeed in both their PU exams and competitive exams. Small class sizes and personalized mentoring are integral parts of our approach.

Holistic Development: Along with academic success, we emphasize personality development, including leadership, communication, and problem-solving skills. This ensures our students are well-rounded and prepared for professional success.

Faculty

Experienced Faculty

At Mother Teresa Composite PU College, our faculty members bring rich teaching experience and subject expertise to the classroom. Their years of academic involvement enable them to simplify complex concepts and prepare students effectively for examinations and future academic pursuits.

Dedicated and Qualified Faculty

The college is supported by a team of highly qualified and dedicated educators who are committed to academic excellence. With strong educational backgrounds and a passion for teaching, our faculty consistently strive to create a positive and productive learning environment for all students.

Mentorship and Support

We emphasize personalized mentorship to ensure every student receives the guidance they need. Faculty members actively support students through regular monitoring, doubt-clearing sessions, and career guidance, helping them build confidence and achieve their academic goals.

Innovative Teaching Methods

Mother Teresa Composite PU College adopts modern and innovative teaching practices to enhance learning. Interactive classes, practical approaches, use of technology, and student-centered activities are integrated into the teaching process to make learning engaging, effective, and future-ready.

ACADEMICS : SCIENCE

Course Combination	Subjects
PCMB	Physics, Chemistry, Mathematics, Biology
PCMC	Physics, Chemistry, Mathematics, Computer Science

PCMB – Physics, Chemistry, Mathematics, and Biology

The PCMB stream is ideal for students who have a passion for science and biology. This stream lays the groundwork for careers in medicine, biotechnology, pharmacy, research, and more.

Subjects:

- » **Physics:** Study the fundamental principles of the physical world.
- » **Chemistry:** Explore the science of substances and their interactions.
- » **Mathematics:** Develop strong analytical and problem-solving skills.
- » **Biology:** Study life sciences, including human biology and ecology.

Career Opportunities:

- » **Medicine (MBBS, BDS, AYUSH, Nursing, and other para-medical courses)**
- » **Biotechnology and Genetic Engineering**
- » **Pharmacy and Pharmacology**
- » **Environmental Science**
- » **Research and Development**

Integrated Coaching for NEET, JEE and K-CET ensuring success in both medical and engineering fields.

PCMC – Physics, Chemistry, Mathematics, and Computer Science

The PCMC stream combines Physics, Chemistry, Mathematics, and Computer Science, offering students the skills needed to excel in engineering, software development, data science, IT, Data Science and AI and more.

Subjects:

- » **Physics:** Understand the forces that shape our universe.
- » **Chemistry:** Study chemical reactions, bonds, and molecular structures.
- » **Mathematics:** Sharpen your quantitative skills with advanced problem-solving.
- » **Computer Science:** Learn coding, software development, and data management.

Career Opportunities:

- » **Engineering (Mechanical, Civil, Computer Science, Electronics, etc.)**
- » **Software Development and IT**
- » **Data Science and Artificial Intelligence**
- » **Cybersecurity**
- » **Robotics and Automation**

Integrated Coaching for JEE and KCET ensuring a seamless path to top engineering colleges.

ACADEMICS : COMMERCE

Course Combination	Subjects
CEBA	Computer science, Economics, Business studies, Accountancy
HEBA	History, Economics, Business studies, Accountancy

CEBA – Computer Science, Economics, Business Studies, Accountancy

The CEBA stream is perfect for students interested in the intersection of technology, economics, and business. This combination equips students with a comprehensive skill set that opens doors to careers in business analysis, financial technology, accounting, and data management.

Subjects:

- » **Computer Science:** Learn coding, programming, and data management, with a focus on technology in business.
- » **Economics:** Understand economic principles, market trends, and financial systems.
- » **Business Studies:** Study business management, operations, and entrepreneurship.
- » **Accountancy:** Gain a solid understanding of financial accounting and corporate finance.

Career Opportunities:

- » **Business Analytics and Data Science**
- » **Financial Management & Corporate Accounting**
- » **Entrepreneurship & Software Development and IT Solutions**

HEBA – History, Economics, Business Studies, Accountancy

The HEBA stream is ideal for students who wish to combine their interest in history with practical knowledge of economics, business studies, and accounting. This interdisciplinary combination prepares students for careers in government services, historical research, public policy, business analysis, and related fields.

Subjects:

- » **History:** Study ancient, medieval, and modern history, and explore their impact on economics and business.
- » **Economics:** Dive into macroeconomic policies, financial systems, and market dynamics.
- » **Business Studies:** Learn business management, marketing, and organizational behaviour.
- » **Accountancy:** Understand financial transactions, reporting, and auditing.

Career Opportunities:

- » **Government Services (Civil Services, Research)**
- » **Business Management & Economic Research and Consultancy**
- » **Public Administration & Corporate Accounting**

COLLABORATION

Nagarjuna Educare – Mother Teresa PU College, Jalahalli.

Under the Nagarjuna Collaboration initiative, an academic interaction was carried out with Mother Teresa PU College, Jalahalli, with the objective of supporting students in higher education planning and career guidance. The collaboration focused on creating awareness about PUC streams, academic excellence programs, scholarship facilities, and admission processes.

Students were guided on subject selection, preparation strategies for board examinations and competitive exams, and the importance of structured academic mentoring. Information regarding Nagarjuna's academic support system, experienced faculty, and student performance tracking was also shared.

The session received a positive response from students and faculty members. Follow-up actions were planned to assist interested students with counselling and enrolment. This collaboration aims to enhance academic outcomes and provide students with a clear pathway toward their future educational goals.
